

Business objectives

The **business objectives** of the HypZert GmbH are:

- Support and preservation of high quality and professionalism in the area of market- and mortgage valuation as well as chances and risk analysis of property
- Documentation of the assessment competence of the real estate valuers active for the financial management in public
- Support of the independence of the mortgage lending value
- European-wide recognition of the certification activities of the HypZert GmbH

For the reaching of our aims we have undertaken the following **measures**:

- Certification possibilities for real estate valuers according to the requirements of the world norm ISO/IEC 17024
- Accreditation of the certification areas by national and international companies
- Construction and care of a comprehensive national and international network within the real estate assessment
